Dave --

Christine draft desk statement actually reminds me of another comment/question I considered but didn't end up conveying.

Would it make sense for our cover letter to acknowledge (apparent) progress in the non-forestry areas? If accurate, it seems like this would give a nod to their progress while also providing fuller contextual linkage back to the settlement. DanO.

 Jayne, thanks. Will you or someone else be providing the phone numbers for the folks to that we will be calling? It would help.
 I took a shot at a draft desk statement. Tried to make it more user friendly. Want to make sure that it is accurate (not precise, mind you), but accurate. So, take a look and give me feedback before I sent it on to Mark MacIntyre.

Hi Dan,

Regarding cc's to the letter, Bill Blosser is still the Chair of OEQC through 6/30/2013. See <http://www.deq.state.or.us/about/eqc/eqcmembers.htm>

You are correct. We only need to include Nina Bell in the cc's as the plaintiff.

Attached is the initial Communication Plan. Please review with focus on key messages and communications table.
